Participation is free of charge.
Your preregistration is required.

GENERAL INFORMATION

IMPORTANT NOTICE

CHARITÉ meets SOUTHERN AFRICA will be held as hybrid-symposium

Personal attendance:

The number of participants is limited in the conference hall in order to comply with current hygiene regulations.

Your early and binding pre-registration is required. We will furnish you with detailed information concerning your participation and instructions on our implementation of our hygiene regulations before the event.

Online participation:

As an alternative you have the opportunity to participate online in the symposium via **LIVESTREAM** - your active participation in the form of discussion contributions, votes and questions is most welcome. You can set these up to the moderators and speakers on an ongoing basis via parallel chat functions. **Your pre-registration is required.** You will receive information about the symposium as well as your corresponding access link in shortly before the event.

Congress Venue on Friday 9th September 2022

International Club of the Federal Foreign Office
(„Auswärtiges Amt“)
Kurfürstendamm 36, 10117 Berlin-Mitte

Congress Venue on Saturday 10th September 2022

Mélie Hotel Berlin
Friedrichstrasse 103, 10117 Berlin

Meeting times

Friday, 09.09.2022 from 6:00 p.m. to 8:00 p.m.

Saturday, 10.09.2022 from 9:00 a.m. to 3:00 p.m.

CME Accreditation – est.

Friday, 09.09.2022 - 3 CME-Credits/ Cat. A

Saturday, 10.09.2022 - 6 CME-Credits/ Cat. A

XIII. SYMPOSIUM ON ACUTE CARDIOLOGY DIVISION OF EMERGENCY MEDICINE – CHARITÉ

CHAIRS / SPEAKERS

Dear Colleagues,

the XIII. Symposium on acute cardiology and emergency medicine will be held as “Charité meets Southern Africa” addressing the exceptional solutions during the pandemic worldwide, provided by digital medicine and diagnostic testing (including SARS-CoV-2) which are boosted by a long period of extraordinary circumstances with COVID-19.

We will discuss insights from Southern Africa including experiences from established connections regarding digital intensive care medicine and scientific exchange.

“Diagnostic stewardship” is a concept, which arises from global health challenges and will be featured as an emerging concept of medical progress.

Again we collaborate with Vivantes and will get input from the extraordinary clinical competence of this big public hospital chain.

We hope to see you online or in person at this event!
